

Project Overview

As of May 13, 2013

Emerald Parkway Improvements

Description and Benefits:

This joint project between the cities of Columbus and Dublin will reduce traffic congestion, improve safety and add pedestrian and bicycle facilities.

Improvements include:

- Adding one lane in each direction on Emerald Parkway between Tuttle Crossing Boulevard and Rings Road
- Constructing roundabouts on Emerald Parkway at Lakehurst Court and Glendon Court
- Adding sidewalks, *Americans with Disabilities Act*-compliant curb ramps, shared-use path, medians, signage, street lights and landscaping
- Building new curbs, gutters and drainage facilities to accommodate widened Emerald Parkway

Construction Schedule:

May 2012 – August 2013

Total Cost:

Estimated \$8.0 million, including design, utility relocation, right-of-way acquisition, materials and construction.
